

VI PEEL

Performing a VI Peel before and after any treatment will create a deep exfoliation allowing that treatment to be more successful.

COMBINATION THERAPIES

| | AVAILABLE COMBINATION THERAPY | SAFETY PARAMETERS | EXPECTED RESULTS | RECOMMENDED VI PEEL |
|-----------------------|---|------------------------------|--|-----------------------------------|
| HIGH SYNERGY | IPL Photo facial | 7-10 days after Peel | VI Peel breaks IPL Plateau and enhances light absorption. | Advanced or Precision Plus |
| | Microneedling (with or without PRP) | 10-14 days after Peel | Microneedling breaks pigment. The VI Peel lifts it. | Any VI Peel* |
| | Microdermabrasion (Crystal, Diamond) | Same Day | Boost the VI Peel and improve penetration | Any VI Peel* |
| | Neurotoxins (Botox, Dysport, Xeomin) | Same Day | Botox prevents wrinkle formation. VI Peel fades existing wrinkles | Advanced or Precision Plus |
| | Lower Face Fillers ie. NL Folds (Restylane, Juvederm, etc.) | 7-10 days after Peel | Fill deep wrinkles and folds while improving fine lines, texture and pigmentation. | Advanced or Precision Plus |
| | Cheek Augmentation/Fillers (Perlane, Restylane LYFT, Voluma) | Same Day | Fillers lift. VI Peel tightens and smooths the skin | Advanced or Precision Plus |
| | Hydrodermabrasion (Silk Peel, HydraFacial, Jet Peel) | 10-14 days after Peel | Hydrafacial will enhance glow of VI Peel | Any VI Peel* |
| MEDIUM SUPPORT | Skin Tightening Lasers (Thermage, Titan, Ultherapy) | 10-14 days after Peel | Laser only increases collagen. VI Peel lifts pigment | Advanced or Precision Plus |
| | PRP Injections (Vampire Facial) | 7-10 days after Peel | VI Peel deep exfoliation boosts PRP penetration | Any VI Peel* |
| | Mesotherapy (Kybella) | 10-14 days after Peel | Kybella kills fat. VI Peel firms and tightens skin. | Advanced or Precision Plus |
| | Led: Blue light & Red light | Same Day | Dual approach to boost regeneration power and to contain acne. | Any VI Peel* |
| | Dermaplaning | 10-14 days after Peel | Results in improved texture and product penetration. | Any VI Peel* |
| | Vascular Lasers (Rosacea, Vein Removal) | 7-10 days after Peel | VI Peel deep exfoliation improves laser penetration | Any VI Peel* |
| | Laser Hair Removal | 10-14 days after Peel | VI Peel contains post laser breakouts | Any VI Peel* |
| LOW ENGAGE | Lip Augmentation/Fillers (Restylane, Volbella, Juvederm) | Same Day | VI Peel clears skin allowing lips to look fuller | Advanced or Precision Plus |
| | Fat Reducing Lasers (Coolsculpting, sculpSure, Zerna, Vanquish) | Same Day | Perform at the same time and double their results. | Any VI Peel* |
| | Skin Resurfacing (Co2, Erbium, Pearl, Fraxel, Picosure, Ultrapulse) | 14 days after Peel | VI Peel as a pretreatment ensures patient compliance of resurfacing laser | Any VI Peel* |
| | Facials (with or without Extractions) | 7-10 days after Peel | VI Peel clears the skin allowing for easier extractions | Any VI Peel* |

* *Dependant on Skin Concern.*
